Strategic Moves: Using Smart Sanctions in the 21st Century

EJ|USA | U.S. Department of State

Vol. 19 | No. 2 | August 2014

Sanctions are a tactic used as part of a broader strategy to change a country's actions. The U.S. applies sanctions differently to solve different problems. Each case brings its own lessons. Even when sanctions are imposed, humanitarian needs are addressed and cultural understanding grows. The United States also uses diplomatic pressure, multilateral institutions and other measures to modify the behavior of a country in question.

Learn how sanctions work. Plus international entrepreneurs in Silicon Valley, winning female coaches and what it means to be cool.
